

NEWSLETTER June, 2025

Our monthly club meeting will be at the Field June 10, 6:30. We will have Pizza, for as long as it lasts, and show and tell. Bring something to fly. The treasure report will be very interesting.

A word from our Treasure

1. If you have not paid your dues, please do so soon. They are only \$30 a year and it keeps the paint on and the grass mowed.

2. From AMA : We are pleased to inform you that your club was among those outstanding applications, and you have been selected to receive a 2025 Take off And Grow **Grant!** Your club has been successful in presenting its educational impact ideas, and we are proud to support your efforts. (We will receive a check from AMA that is more than a pizza and less than the national debt. The amount will be disclosed at our meeting.)

3. We have a new logo that will be used for signs, T-shirts, hats, etc. Here it is.

(Wes has been hard at work for the club. He personally arraigned this with the officers approval)

JUNE 14 FLY-IN!!!

The scouts are coming to our electric Fly-in June 14. They will be bringing all the food and cooking it for us. This is always a fun day and a good reason to come to the field. Please make a special effort to show up and fly something since they are going to a lot of trouble.

Tom, A Real Builder

Tom is a new member of our club and has built a lot of foamboard planes over the last year. Tom said he is coming to our next meeting and he will bring templates for a lot of these planes if anyone has an interest in building one. I think he has the building thing down pat. Nice guy too!

Larry White will grab anyone who shows up at the field and start training them to fly. Norlyn Baker was hooked by Larry as he learned to taxi Emu, a wingless bird.

Duane Vazquez flies a new Horizon Hobby bi-plane. Looks great!

When its windy, I just fly my kites. I have 22 of them.

Grant took this picture of our field with his drone
